A Few Words from your Commander

One half of our Templar year has already passed. In addition to our Annual Conclave and Inspection we have had some interesting meetings and entertainments, and many of the Sir Knights have carried home souvenirs of the various occasions.

Those Sir Knights who were unable to be present at the conclave in January certainly missed a great treat.

As stated in the notice of that meeting, our Past Commander, Eminent Sir Carl L. Watson and Mrs. Watson last year made a trip around the world, journeying by easy stages and visiting many countries and places, some of which were entirely off the usual path of tourist travel.

They carried with them a motion picture camera and a large supply of film that they might photograph and preserve scenes of the many lands visited on their voyage, and which in future years would enable them to retrace their steps in memory and refresh their recollections of their tour and the many pleasant incidents relative to it. Also that they might have something of value to show their many friends, who had not had a like opportunity

Some of these views, taken in the islands of Java, Bali, the Philippines and Hawaii, full of beauty and local color, formed that portion of the entertainment which, at the desire of their many friends in the Commandery, they showed on the screen for their pleasure on this occasion.

"Carl" operated the camera, in which he has become expert, and Mrs. Watson, charming both in herself and her description of the views presented, described the scenes as they appeared on the screen in a delightful manner bringing out not only the scenic features but also incidents relative to the personal life of the people living in the localities, which formed an educational side which was greatly appreciated.

To say that the large assemblage present thoroughly enjoyed the evening mildly expresses it, and all hoped that in the not distant future they might again have the opportunity of having Doctor and Mrs. Watson meet with them and present another installment of like interest, taken in other countries which they visited in their long journey which they so abundantly photographed.

The first half of our activities closed with our annual Ladies' Night, which was enjoyed by over three hundred Sir Knights and their Ladies. This is one of our red letter nights and we try to make it pleasing to all those attending.

The next event of importance is our 47th annual Children's Party on Washington's Birthday. It is very **important** that all **applications** for tickets are in the hands of the Recorder by **February 17th** to give those in charge the necessary time to make proper arrangements.

At our March meeting some surprises are being planned, and at our April meeting another surprise. We may let our Ladies in on this.

For May, we are planning a Veterans night and our annual Lobster Dinner. Full details will appear on later notices so please be sure and reserve for Coeur de Lion the following dates: March 20th, April 17th, and May 15th. We shall depend on you.
